

START SAVING ON INKS WITH EDGMARK!

Edgemark, Industrial Imaging's line of private label inks, will save you \$1000s on your printing costs!

INDUSTRIAL INK JET FLUIDS

HIGH-RESOLUTION INK JET

We offer a complete line of hi-res inks can be used with a wide range of printing systems manufactured by OEMs. Our replacement inks set the standard for performance and quality. Looking for a replacement for HP inks? We have the low cost, high quality alternatives you need!

CONTINUOUS INK JET

We offer one of the broadest lines of direct and custom replacement for ink jet fluids! Our CIJ fluids are put through a stringet filtration process that follows the highest industry standards, often exceeding the OEM standards.

DROP-ON-DEMAND (DOD)

We offer a full range of porous water-based and non-porous inks in a variety of colors. Our customers experience less down time while realizing crisp, high quality print, 100% utilization of our ink product due to zero sediment drop-out and longer product shelf life.
